

Customer choice

Please fill out this form if you want to change the Regulated Price Plan (RPP) structure that applies to the Electricity line of your bill. There are three options: Time-of-Use, Tiered or Ultra-Low Overnight.

Under Time-of-Use pricing, the price you pay for electricity depends on when you use it. Under Tiered pricing, you can use a certain amount of electricity each month at a lower price, and once that limit is exceeded, a higher price applies. And there's the Ultra-Low Overnight pricing, the rates are also according to the time of consumption but with different rates.

To obtain more information on these different choices, please visit www.oeb.ca/choice
